

Essential Elements Book 1

Year 7 Band Performance assessments rely on each student moving sequentially through the program. A belt represents each new learning concept, which is to be attained before moving to the next stage.

To learn each belt students will need to;

- perform each piece. They may choose to use the accompaniment on the Essential Elements Interactive online music education resource.
- Practice with the recording at home on their laptop.
- Perform free of mistakes in pitch, rhythm, and tempo.

Rules.

- One belt may be attempted each week, by recording the performance and uploading to Google Classroom.
- The test must be completed in the order listed at right.
- When a belt is successfully completed, a coloured belt will be given to display on the instrument case.

Good luck and have fun!

Band Karate Belts
