

This exclusive Jaslar Pearl event will be showcasing the very first collection of Jaslar Pearl. With a runway show displaying the different garments and ways of styling. There will be a pre-sale opportunity to purchase the gear before their world-wide release on the 22nd of November. There are limited numbers of items to reduce saturation in the industry, so be quick. Card, cash and after-pay options will be available. Light refreshments will be provided.

There are minimal spots to the event so don't delay.
