

ARE YOU GOING TO UNIVERSITY OR TAFE IN 2022?

You can apply for a \$5,000 scholarship to support your transition to tertiary studies. ACCIONA's Waubra Wind Farm Scholarship Program is open to students who recently finished high school in the Pyrenees Shire or City of Ballarat and want to continue studying STEM (Science, Technology, Engineering or Maths) courses.

THE WAUBRA WIND FARM SCHOLARSHIP

ACCIONA implements an annual Scholarship Program at our wind and solar energy projects. Each year, we are proud to provide a one-time scholarship of \$5,000 to a student wishing to undertake tertiary study that will benefit their community. Scholarship recipients are selected through an application process, and preference will be given to those studying STEM (Science, Technology, Engineering or Maths) courses.

Applications will open in January 2021 and close in March 2022.

To register your interest send an email to Waubra@acciona.com and you will be notified when the application period opens.

TESS WATSON

2021 Recipient - Waubra Wind Farm Scholarship

ACCIONA awarded the 2021 scholarship to Tess who impressed us with her exceptional commitment to community and passion to be a part of an innovative future. Tess is now studying a degree in engineering at Monash University. The scholarship has helped her pay for her accommodation in Melbourne, reducing her stress and allowing her to focus more on her studies.
